Investment Objective

The objective of this Sub-Fund is to achieve capital appreciation over the medium to long-term by investing at least two-thirds of its total assets in a diversified portfolio of equities and equity-linked instruments issued by companies which have their registered office in the United States of America or which exercise a preponderant part of their economic activities in this country. In order to optimise its investment returns the Sub-Fund seeks exposure to both short and long positions on equities. At all times, the long positions of the Sub-Fund will be sufficiently liquid in order to cover obligations arising from the short positions of the Sub-Fund. Please see the Prospectus for the complete investment objective.
