

# Marco Pirondini

*Global Chief Investment Officer,  
Pioneer Global Asset Management S.p.A.*

Marco Pirondini is the Global Chief Investment Officer of Pioneer Global Asset Management S.p.A. He was appointed to this role in December 2004. Marco is responsible for the oversight of our investment activities globally, which span equity, fixed income, balanced, and quantitative portfolio management and global quantitative and fundamental research divisions. Prior to this he was the Head of Global Equity Research at Pioneer Investments, a position he held for over four years and over which time he played a pivotal role in building the team and the function of research as central to the firm's investment process.

Marco began his career with Credito Italiano in 1991 and in 1993 he moved into the Asset Management division to assume the role of Balanced Portfolio Analyst. Two years later he began to manage portfolios and was promoted to head the Italian Equities desk in 1996. Marco moved to Dublin with the company in 1998 when UniCredito Italiano moved its investment division to Dublin. His strong equity background led to his appointment as Head of the Equity Research department in 1999.

Marco graduated from the Università L. Bocconi, Milan, Italy with a BA in Economics in 1990. He also holds an MA in Finance from the same university.
